

One of the world's preeminent cybersecurity law firms mitigating risk in an era of increasing data breaches and cybercrime.

In a time of crisis, you want a law firm with the experience needed to contain the legal and reputational impact of data security breaches. With more lawyers dedicated to data security and privacy matters than any other law firm in the world, we provide fast, seamless, multijurisdictional advice on your privacy and data protection needs at every stage from strategy to crisis.

Our Credentials

NetDiligence®

We are a **NetDiligence Platinum level Breach Coach**. Breach Coach is a trademarked term coined by NetDiligence to describe lawyers who specialize in data privacy and breach response
