

Simplifying a complex world

US 50 State Shelter-in-Place / Reopening Tracker

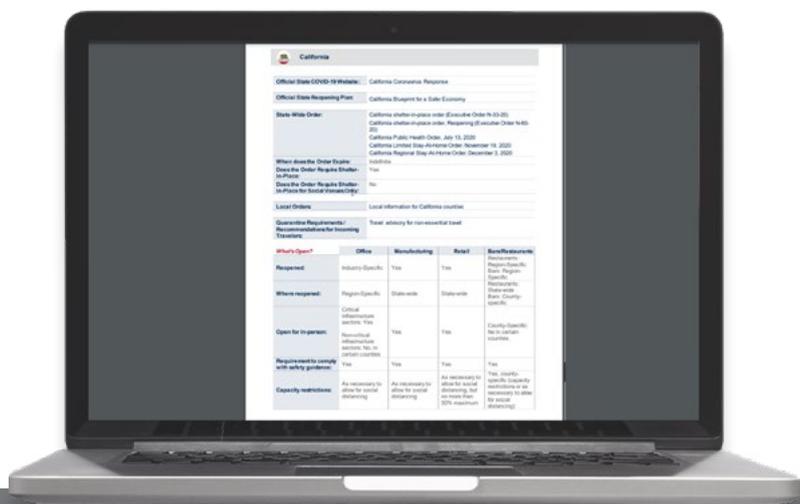

Keeping up with the evolving shelter-in-place or stay-at-home orders sweeping the nation is critical to business continuity and compliance.

Our “Team Shelter” has been advising clients on these fundamental issues since the first orders were enacted in March 2020, and the work continues in 2021. We are pleased to provide a complementary **tracker** that identifies the relevant state-wide shelter-in-place orders and their related expiration dates, as well as the applicable state-wide reopening plans, in each of the 50 United States plus Washington, D.C. The “What’s Open” table on each page highlights the reopening status of four major sectors (office, manufacturing, retail and bars/restaurants).

In addition, the tracker includes links to the relevant quarantine requirements or recommendations for incoming travelers in each state plus Washington, D.C.
